RAW NATURE IN NORDIC DESIGN

POOL COPING & PAVING STONES

INSPIRED
BY NATURE

DESIGNED
FROM PASSION

RAW NATURE INSPIRES US.

PASSION DRIVES US.

**CRAFTSMANSHIP FASCINATES US
AND DESIGN DEFINES US.**

Since 1975, we've created foundations to build on, bases to enjoy and memories to look back on.

In the Nordic style and with an eye for detail, we design and produce visual experiences with our series of special stones for pools and terraces. We do this out of a passion for our craft and the joy of creating a setting for intimacy, memories and unique moments.

We are a family-owned company characterised by taking pride in service, flexibility and presence, which we believe has had a ripple effect that has led us to collaborate with customers in more than 15 European countries.

We wish you good luck choosing the framework for your future memories!

PAVING STONES

 / natura

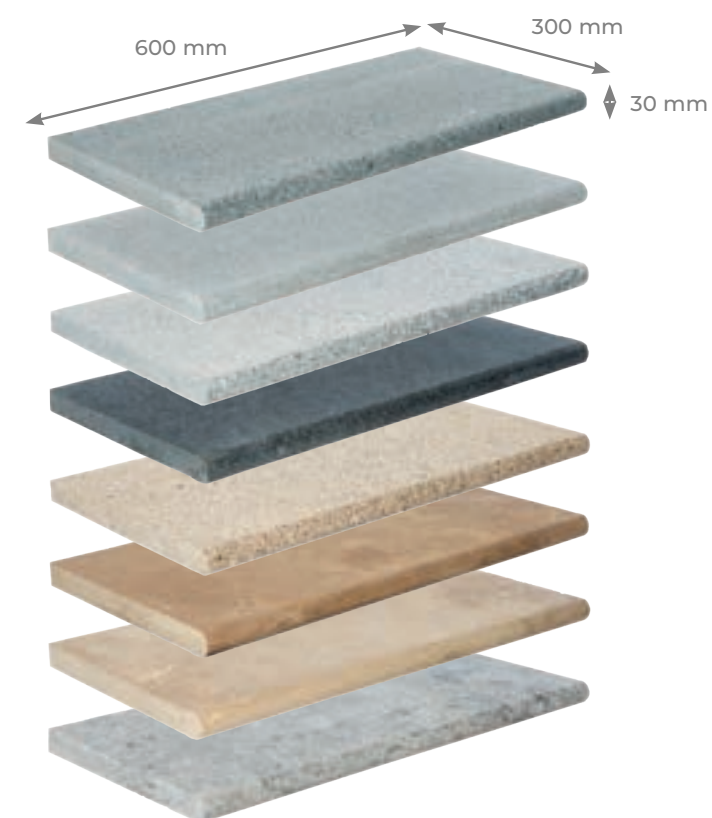

The Natura series is the epitome of raw Nordic design carved from natural stone blocks. These exclusive coping and paving stones in timeless shades highlight the crystal clear water while creating a perfectly balanced contrast to the garden's lush summer palette.

NATURA

KIRUNA / coping stone

Elegant coping stones in a harmonious design and with a very pleasant surface. Kiruna comes in a wide range of colours to complement any pool environment regardless if the climate is of Scandinavian or tropical character. The soft minimalistic rounding provides a comfortable grip when you hold onto the edge, or when you laze in the heat with your feet in the water. Kiruna also comprises straight stones, a large selection of radius stones and a variety of corners. Complete the look with matching paving stones.

Soft Sand#18 / Golden brown#24 / Kashmir Cream#23 / Shadow Grey#25

NATURA

NAPOLI / coping stone

Enhance your pool with this rounded L-profile, which hides the joint and the transition from pool to edge, creating the illusion of a higher water level and thus a gorgeous visual experience. The Napoli stone is cut from a single piece of 6 cm natural stone block and allows for many options with its versatile selection of straight, radius and corner stones. Complete the look with the matching paving stones from the Natura series.

NATURA

MODENA / coping stone

With Modena we offer an exclusive natural stone in a light and elegant design with its unique 100 cm dimension. Beautiful surfaces and treated edges provide a wide range of visual experiences. Natural shades enhance the simplicity of this stone and accentuate any pool environment with a touch of Nordic minimalism.

NATURA

SYDNEY / coping stone

Focus on aesthetics with our latest novelty. Our SYDNEY L-shaped coping stone is cut from a single piece of 6 cm natural stone block in a large 60 x 60 cm format, creating a much-coveted stylish look. The effect of the processed L-profile immersing into the pool is a visual treat and superbly complements the soft ripples in the pool. As an obvious choice to complete the style, we recommend the Natura series' matching 60 x 60 cm paving stones.

NATURA

NATURA / paving stone

The Natura series also includes paving stones that are available in the classic formats of 60 x 60 cm and 60 x 30 cm. This gives you the option of completing your terrace or pool area with unique and attractive natural stones. The stones are available in the same specially selected colours as the coping stones in the series.

CERAMICA SERIE

COPING STONES

 / maranello

 / firenze

PAVING STONES

 / ceramica

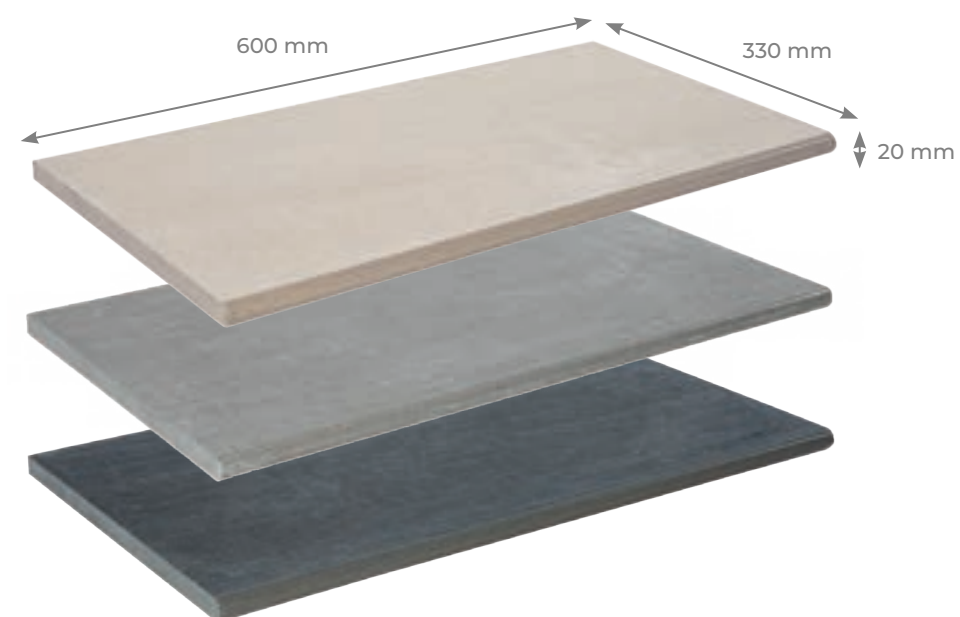

Unique "high end" series of ceramic coping and paving stones, specially designed for exterior use. The stones are frost-resistant, easy to maintain, UV-resistant and have a high slip resistance. The range is produced in elegant 20 mm stones, which add a stylish touch to any garden or pool environment. The pioneering feature of the Ceramica series is that it comes in a wide range of radius and corner stones, among other things. The matching paving stone underlines the uniqueness of this series and sets the tone for raw minimalist elegance.

CERAMICA

MARANELLO / coping stone

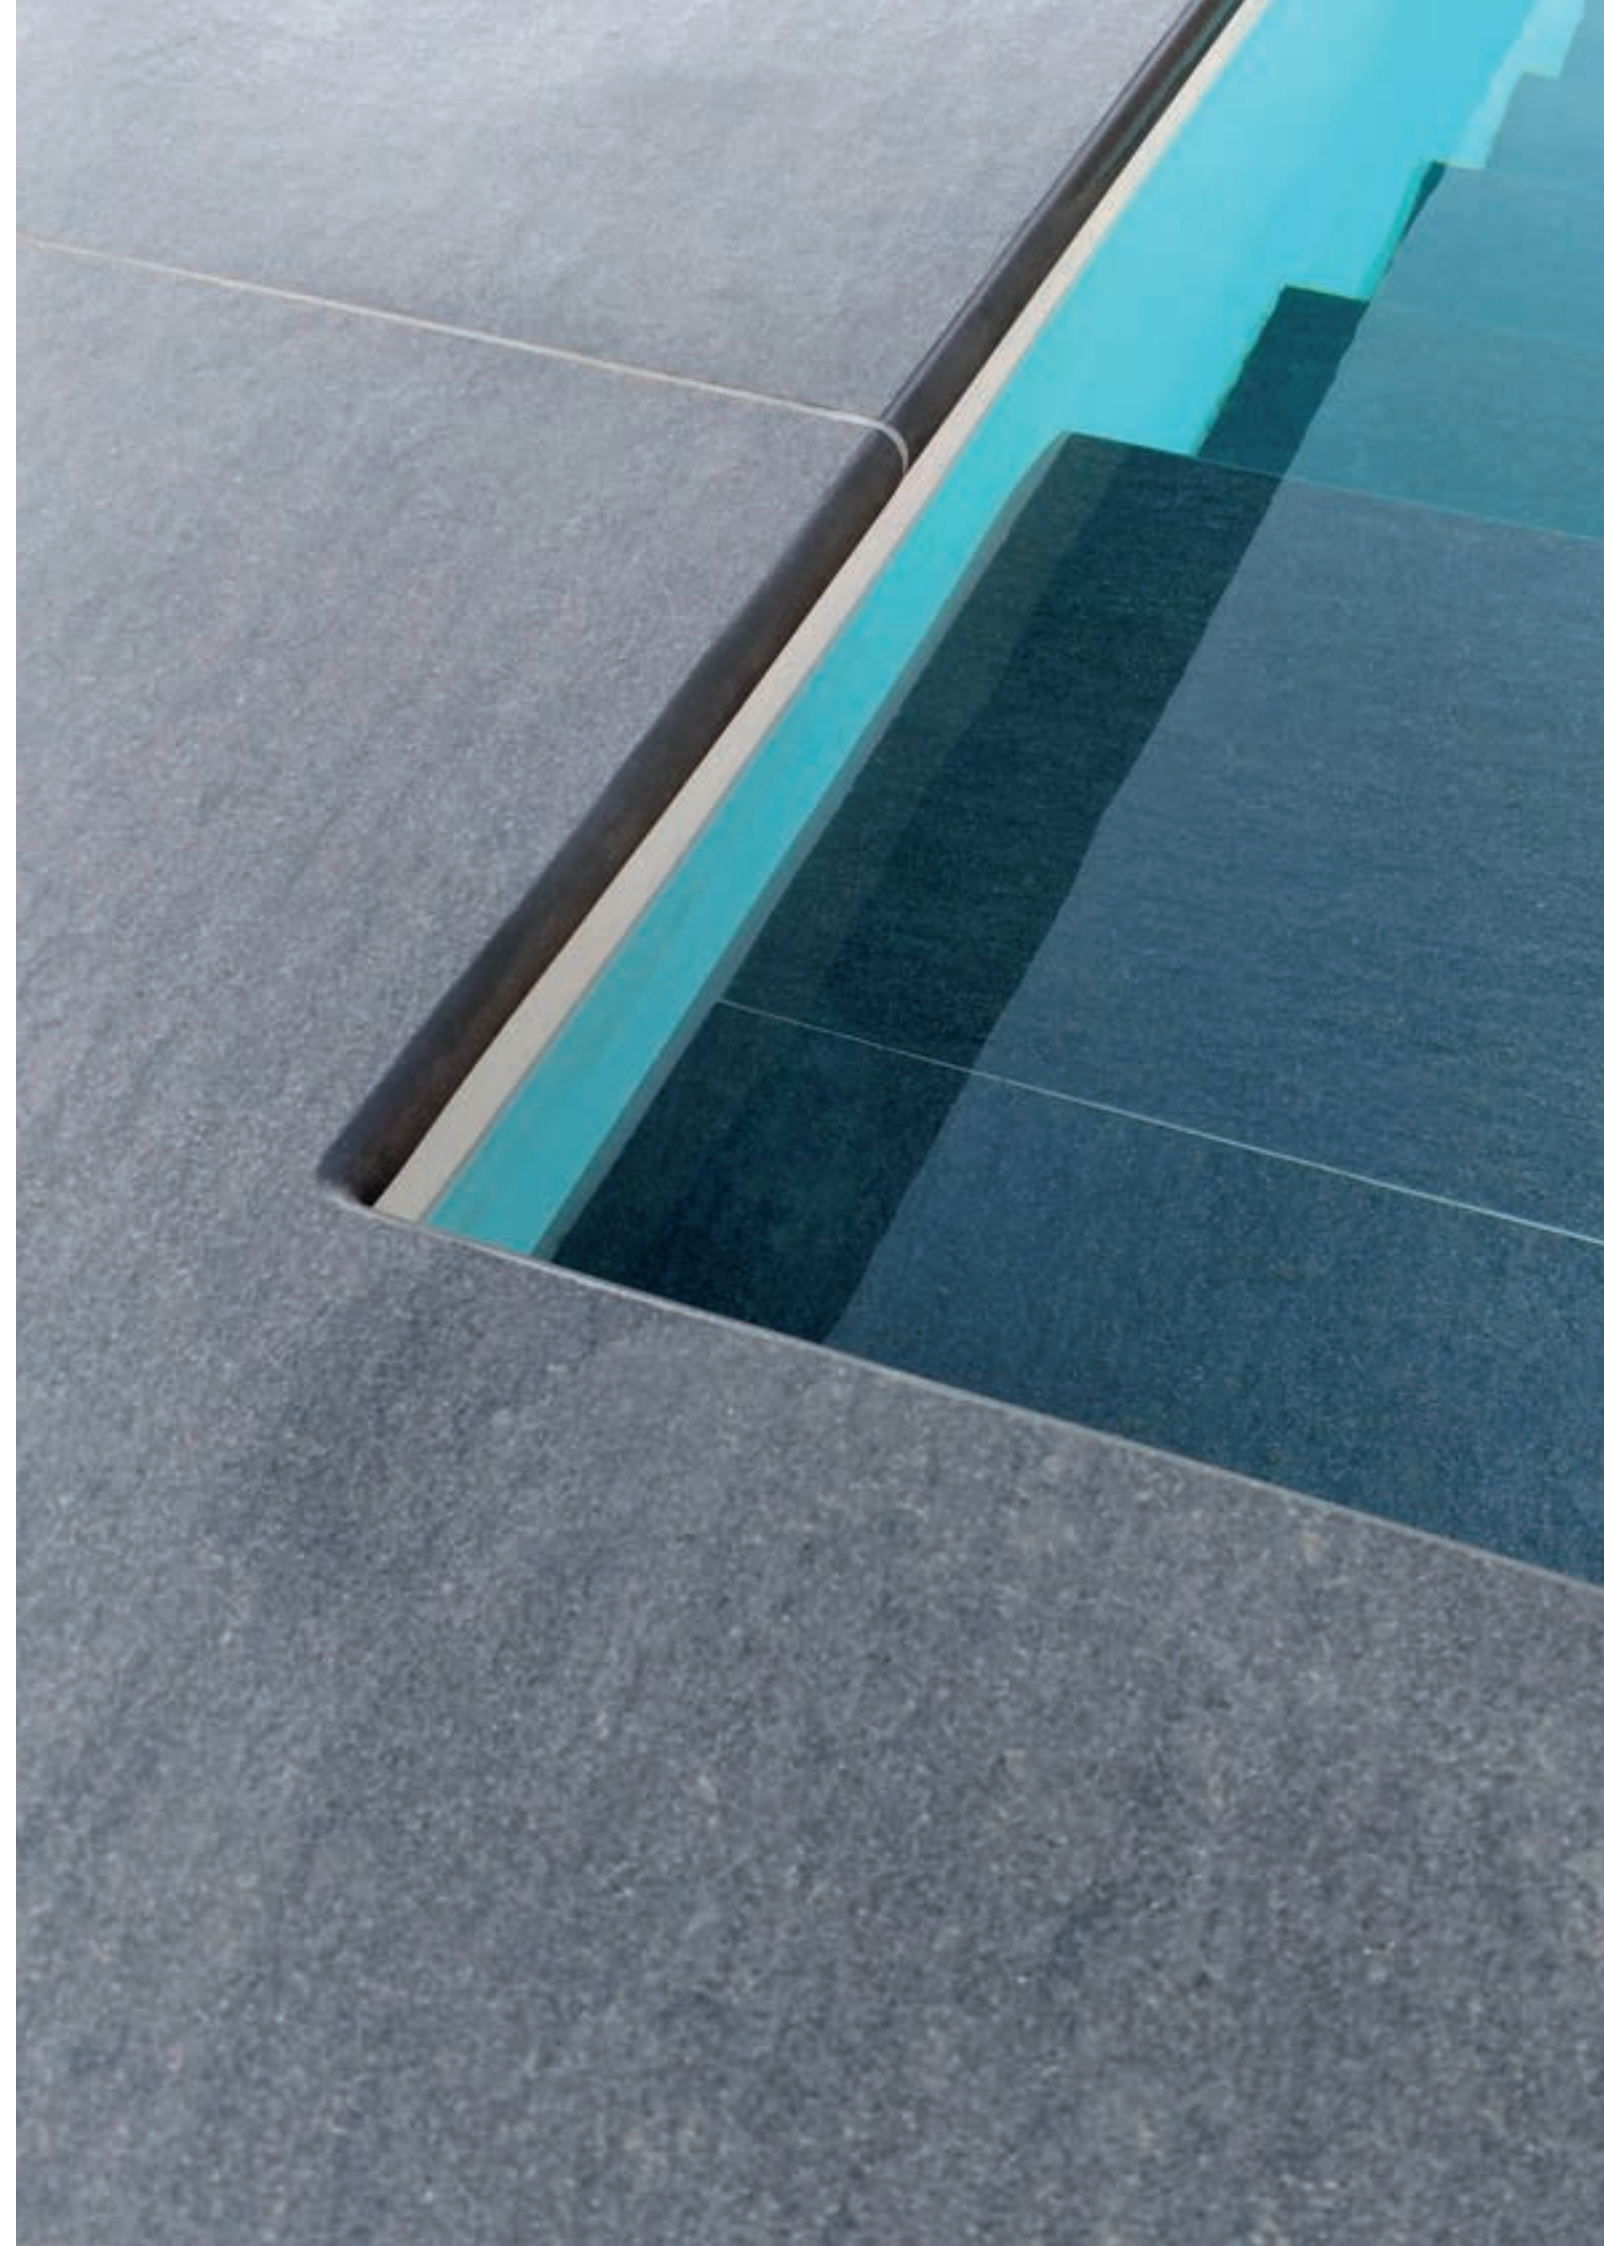

A cutting-edge, low-maintenance 20 mm ceramic coping stone with a classy look and a wide range of applications. A polished and rounded front provides a luxurious finish as well as a comfortable grip when holding onto the edge or lounging your legs in the pool. Complete the look with the Ceramica series' matching paving stones.

CERAMICA

FIRENZE / coping stone

Experience the feeling of pure luxury with this modern ceramic coping stone, which brings a unique aesthetic to your pool environment. The 60 x 60 cm large format with L-profile that dives into the pool creates a stylish setting that you will never want to change. Complete the look with the Ceramica series' matching 60 x 60 cm paving stones.

RUSTICA SERIE

COPING STONES

/ athen

/ nevada

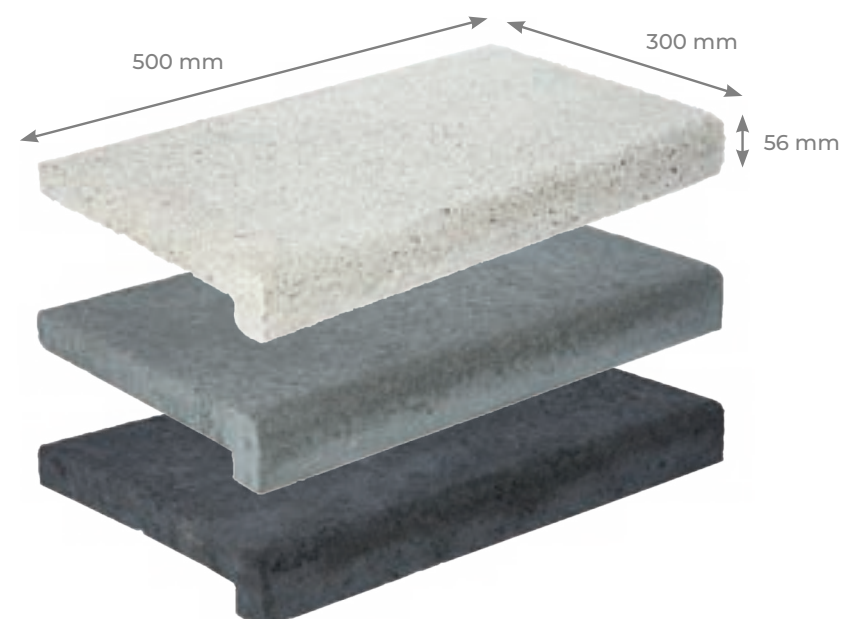

Raw and rustic, these are the hallmarks of this series of handmade concrete stones. With in-depth know-how and passion for the craft, we have created an almost endless variety of options to add the perfect finishing touch to any pool. The raw Nordic shades finely underline the series' origins and perfectly tie the pool environment together with the house and garden.

RUSTICA

ATHEN / coping stone

Rustic concrete stone produced with an L-profile, creating a beautiful finish as it submerges into the pool. The natural shades of the series enhance any pool environment with a touch of raw Nordic spirit. Here many options are brought into play with a wide range of straight, radius and corner stones to suit the market's many standard pools.

RUSTICA

NEVADA / coping stone

Create a unique atmosphere where raw Nordic quality is shown to its full advantage. In this series, we have redesigned the L-profile and rounded it further to balance the rustic character of the raw concrete. Many options are brought into play here with a wide selection of straight, radius and corner stones to suit the market's many standard pools.
